Trey Purdie Memorial Scholarship

The Trey Purdie Memorial Scholarship was developed in memory of Trey Purdie, an exemplar young, rural Central Alberta resident and former AHSRA member.

There are two separate \$1,000 award opportunities available through the Trey Purdie Memorial Scholarship. Applicant criteria for the awards is as follows:

- **CESD/Red Deer County residents:** All applicants must reside on a working farm or ranch, and also be either a Red Deer County Resident or be graduating from a school within the Chinook's Edge School Division.
- **AHSRA:** All applicants must be in good standing with AHSRA and graduating from high school. (These applications are available through AHSRA).

Note: As per CRA regulations, our Foundation is not at liberty to disburse the awards directly to recipients. Rather, we release the funds directly to the post-secondary institution, which then credits the student's tuition account.

Each award has its own criteria, deadline and submitting process. *Please read all pieces of the application carefully*, found on the Red Deer & District Foundation website.

Deadline: Thursday, April 1, 2021 at 4:30 pm.

All visitors to the school **MUST** wear a face covering when entering, exiting, and moving through shared spaces. To limit the number of people entering and exiting the building, we are asking that parents adopt a modified routine for dropping off and picking up student materials. If you need to drop off or pick up something during the school day, please call the school office at 403-749-3838 and one of our staff members will come out to meet you.

Principal's Message

As we move towards April, I want to thank all parents and staff for their participation in our Parent/Teacher Conferences last week. Maintaining a strong connection between home and school is crucial for student success.

I would also like to encourage all parents to consider joining us for our monthly **PAC** meetings. We have had to adopt an online format this year, which we hope will allow more parents to participate. This month's meeting takes place **Thursday, March 25** at **6:30 p.m.**

As always, if you have any questions, please contact me directly at 403-749-3838 or email thutchings@cesd73.ca.

Sincerely,
Ted Hutchings, Principal

Students Are Achieving High Levels of Success

A Message from the Superintendent

In Chinook's Edge, we are continually looking at different assessment tools which convey the great accomplishments of our students and staff. Although some traditional measures of student achievement have been disrupted because of COVID-19, we can continue to look at a number of other indicators when determining student success. A series of success measures are embedded in our division goals:

- **Academic Excellence:** we are able to refer to data from grade 3 student learning achievement tests, grade 6 & 9 Provincial Achievement Tests, grade 12 Diploma Exams, along with PowerTeacherPro Gradebook, student

attendance and reading support level data, among other measures.

- **Career Connections:** our schools continue to refine their comprehensive plan of career exploration, planning and guidance for students in grades 9-12 and embed this work within school cultures.

- **Social Emotional Well-being:** school staff are utilizing our social emotional framework and our collaborative response model, along with a new vision for supporting students in the early years, to ensure the needs of all students are being met.

Among all the checks and balances in place, we believe success can also be measured in the resilience that our students have shown as they have made the shift to learning online as needed. We understand that not all families have access to adequate internet in the home, and we know parents are trying their best to support their child when they are required by COVID-19 restrictions to learn online from home periodically. Here is [a link](#) to some tips we have developed to help improve home internet access, so that your child can get the most out of their learning. Also, we encourage you to reach out to your home internet provider. Many providers have been very helpful in working with families to improve access, and they have also been assisting our technology department as they continue working towards solutions together.
