## **Principal's Message**

As we move toward the end of 2020, I can say that it has been quite a year! We continue to work hard to ensure school is a safe place for everyone, with learning as our primary focus. With the current situation across the province, we continue to be cautious and careful. I want to express sincere thanks to our parents and students for the way you have dealt with the changes necessary to keep our school open and "near normal."

As always, if you have any questions, please contact me directly at 403-749-3838 or email [thutchings@cesd73.ca](mailto:thutchings@cesd73.ca).

Sincerely,  
**Ted Hutchings**

## **Ensuring Our Students Achieve**

### **A Message from the Superintendent**

Chinook's Edge is committed to ensuring student success, which has long been reflected in our division's provincial achievement measures. This is a time of year when our Board receives information on Diploma Exam and Provincial Achievement Test results from last spring. As a result of the spring's disruption and the cancellation of provincial testing, the 2020 data is not available to exemplify the achievements of our students. Fortunately for Chinook's Edge, we have other longstanding methods for informing success, which show the achievement of our students.

Our expectations are high for the quality learning we expect for every child in our division, and that will never change. The data we are gathering in literacy, math and other measures is clarifying a deeper understanding of student achievement, as well as where we want to move forward as a division. We have built common assessments to ensure we have an accurate measure of the progress of teaching and learning in all of our schools. As always, Chinook's Edge will file an Annual Education Results Report with Alberta Education next month, and each school will provide a detailed Education Plan to our Board of

Trustees. Moving forward, to remain responsive, transparent and robust as a school division, Chinook's Edge is moving to the Provincial Assurance Model of Assessment. For an introduction of this model, please [click here](#).

Our divisional goals remain consistent: Literacy, Academic Excellence, Career Connections, and Social Emotional Learning. We have many measures pointing to continued success in each of these and they are prompting us confidently and resolutely onward. We know our efforts help lead our students toward greater success, in learning and in life.

As always, we are pleased to provide the latest Board eNews through this [link](#).
